Jupiter Side Table

DESIGNED Andrew Gower

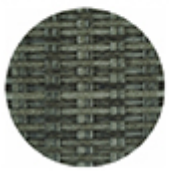

Our Jupiter collection consists of primarily woven frames that showcase a modern, angular design. The distinctive “X” motif within the legs is made from solid teak wood. When exposed to the elements, the brown teak will weather to a handsome silver-gray that complements the wicker fiber. A clear tempered glass top is included with the table. NOTE: in intense heat, woven tabletops under glass may become more elastic but will return to their original form once temperatures cool.
