The Sag Harbor cushion box is our largest option for water-resistant, exterior storage. Measuring 67" wide x 32" deep x 32.5" high, the box will accommodate a large quantity of cushions, or a generous number of pool or boating accessories. The box is constructed from durable all-weather wicker and a powder-coated aluminum frame. A hydraulic arm prevents the lid from slamming while closing, and teak handles provide both function and beauty. The box is lined with a removable, water-resistant fabric that has holes to allow for drainage.
