The Sag Harbor side table is 19.5" square and is specially reinforced so that it may also be used as a stool. If you plan to use for seating, we recommend ordering with our special, non-skid cushion, sold separately. If used as a table, a piece of clear tempered glass that covers the table top is sold separately. The table is shipped fully assembled.

NOTE: In intense heat, woven tabletops under glass may become more elastic but will return to their original form once temperatures cool.
